2025/12/12 21:45 1/1 Trackbook basics

## Trackbook basics

With Trackbook - <a href="https://trackbook.online">https://trackbook.online</a>, you can create tracks and waypoints in a web browser and then synchronize them directly into GPX Viewer and show them in GPX Viewer. Below is a video showing process of creating an account on Trackbook, logging in, creating a track and then synchronizing it directly into the GPX Viewer app.
