How to get to waypoint icons menu: Open Left Main Menu \rightarrow Settings \rightarrow Waypoint \rightarrow Icons. Description of waypoint icons settings items (displayed after clicking on three dots in top right corner):

- Add new setting adding a new waypoint icon with name.
- Add from directory adding a new waypoint icon from png or jpeg images.
- Reset to default settings resets waypoint icons to default settings and deletes changes.
- Delete all settings deletes all icons even the predefined ones.

Besides these settings, one can change already existing icons by:

- Changing symbols name
- Choosing different icon* from file system or library. * Reset to default icon * Delete setting** deletes this icon.
