

## Waypoint Icons

**How to get to waypoint icons menu:** Open Left Main Menu → Settings → Waypoint → Icons. Description of waypoint icons settings items (displayed after clicking on three dots in top right corner):

- **Add new setting** - adding a new waypoint icon with name.
- **Add from directory** - adding a new waypoint icon from png or jpeg images.
- **Reset to default settings** - resets waypoint icons to default settings and deletes changes.
- **Delete all settings** - deletes all icons even the predefined ones.

Besides these settings, one can change already existing icons by:

- **Changing symbols name**
- **Choosing different icon\* from file system or library.** \* Reset to default icon \* Delete setting\*\* - deletes this icon.
