WMS manager

How to get to WMS manager settings: Open Left Main Menu → Settings → Maps → WMS manager.

Each map style is customizable by clicking on the palette on its right side. The options are:

- **Add new WMS** - opens a dialog to add new WMS from url. Manual on how to do it can be found here: How to add WMS map.
- **Stop using of WMS** - editing options for current map style.
- **Delete all WMS** - by clicking on this option, your offline map style will be change to the one you are currently at.
- **Show list of WMS** - shows a list of downoadable WMS styles that can be also found on this website.

Options are:

- **Add new WMS** - to find out more how to add new offline map style please click here.
- **Edit** - editing options for current map style.
- **Refresh information** - by clicking on this option, your offline map style will be change to the one you are currently at.
