Waypoint Icons

How to get to waypoint icons menu: Open Left Main Menu → Settings → Waypoint → Icons.
Description of waypoint icons settings items (displayed after clicking on three dots in the top right corner):

- **Add new setting** - adding a new waypoint icon with a name.
- **Add from directory** - adding a new waypoint icon from png or jpeg images.
- **Reset to default settings** - resets waypoint icons to default settings and deletes changes.
- **Delete all settings** - deletes all icons even the predefined ones.

Besides these settings, one can change already existing icons by:

- **Changing symbols name**.
- **Choosing different icons** from file system or library.
- **Reset to default icon**.
- **Delete setting** - deletes this icon.
