

How to change icon for waypoint

This how to assumes that you have already opened gpx or kml file in GPX Viewer. If you haven't opened it yet here is [How to open gpx or kml file](#).

Below are step by step instructions how to change icon for waypoint.

1. Tap on waypoint **icon** on the map.
2. After tapping on waypoint icon tap on **bubble text** shown above waypoint icon (if waypoint does not have any name or description, go to left main menu, then select Waypoint info option, and find your waypoint by listing it with < and > button in top bar).
3. Scroll little bit down and tap on "..."/>

Below is video showing following instructions above:
