

## Offline map style manager (PRO only)

---

Offline map style manager is a setting where user can add, update and delete offline map styles. Map style is a layout to which the map data are loaded and in combination they create the final view the user is seeing.

You can find out more about our offline map style [here](#).

Each map style is customizable by clicking on the palette on its right side. The options are:

- **Add new offline map style** - to find out more how to add new offline map style please click [here](#).
- **Edit** - editing options for current map style.
- **Use this offline map style** - by clicking on this option, your offline map style will be change to the one you are currently at.
- **Delete** - deleting of map styles.

**Edit** - editing option of the maps. Each map style has a different options to edit based on the profile of the map style.

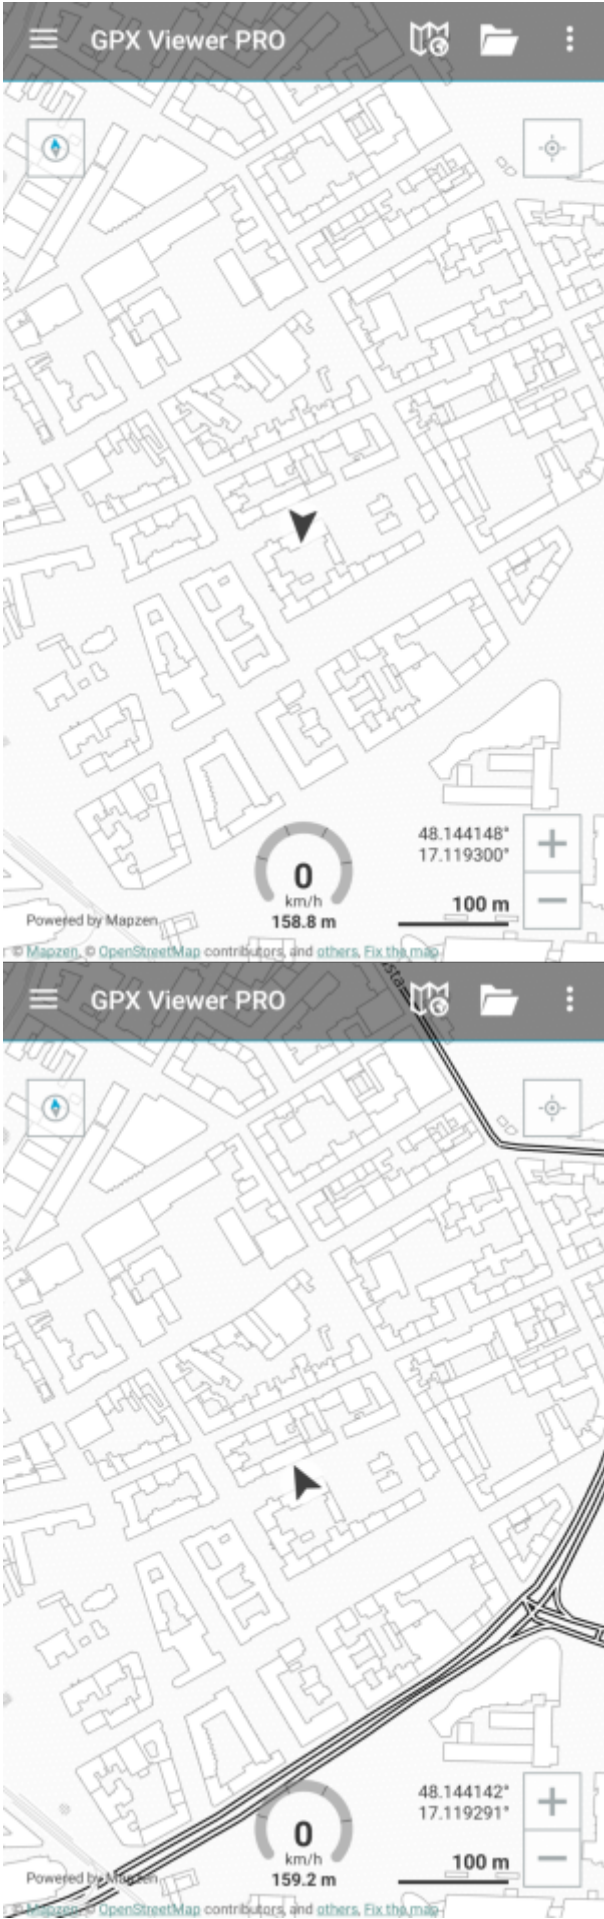

- Offline map style and Name - not editable for preloaded maps.
- Label level - users can choose the level of labels; 0 - no labels of the objects visible on the map; 11 - all of the labels of the objects on the map. Not available for Basic, Street and Topo style. (On the pictures displayed levels 0,5,11.)

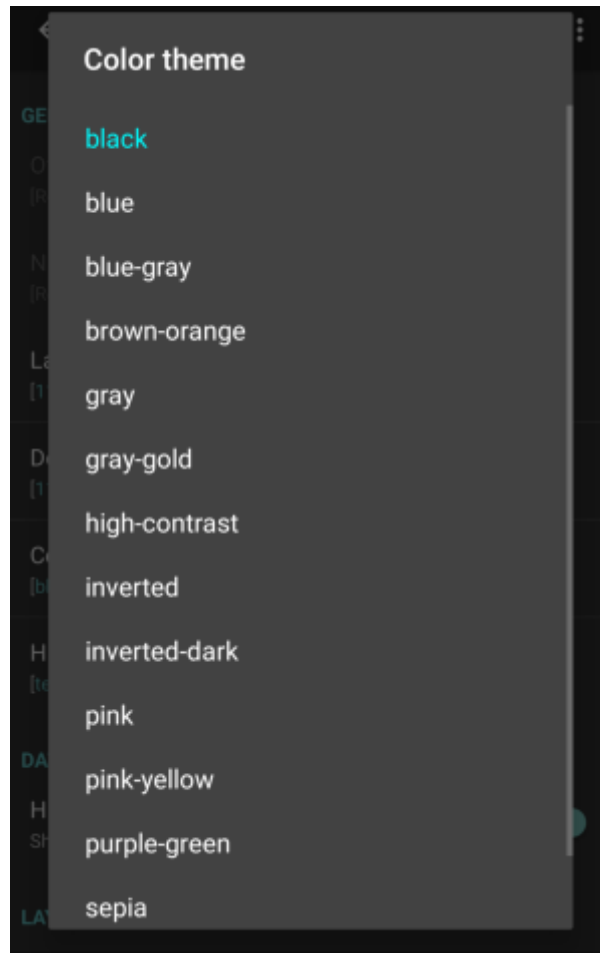

- Detail level - users can choose how many details map will display; 0 - no details, no contours of objects; 11 - all of the details are displayed on the map. Only available for Refill, Tron and Walkabout style. (On the pictures displayed levels 2,5,11.)

- Color theme - choice of color theme of the map view. Only available for Refill style.
