

## Miscellaneous

**How to get to miscellaneous settings:** Open Left Main Menu → Settings → Miscellaneous.

Description of miscellaneous settings items:

- **Clear cache data** - Option to erase application cache data.
- **Import/export settings** - Option to import or export application settings. Useful in a case of migrating from one device to another or in a case of resetting the application.
- **Reset settings** - Option to reset settings to defaults.
- **Send anonymous crash logs** - Option to turn on/off automatic anonymous information about application crashes, that allows us to fix crashes and improve the application. Requires a restart of application to take effect.
- **Send anonymous usage stats** - Option to turn on/off automatic anonymous usage statistics, that allows us to improve the application. Requires a restart of application to take effect.
