Miscellaneous

How to get to miscellaneous settings: Open Left Main Menu > Settings > Miscellaneous

- Clear cache data Option to erase application cache data.
- **Import/export settings** Option to import or export application settings. Useful in a case of migrating from one device to another or in a case of resetting the application.
- Reset settings Option to reset settings to defaults.
- **Send anonymous crash logs** Option to turn on/off automatic anonymous information about application crashes, that allows us to fix crashes and improve the application. Requires a restart of application to take effect.
- **Send anonymous usage stats** Option to turn on/off automatic anonymous usage statistics, that allows us to improve the application. Requires a restart of application to take effect.
