

# Trackbook

---

The first step to enter the trackbook part in the GPX Viewer PRO is to log in to the account. Account can be created on the page [trackbook.online](#). This connection serves for synchronization of tracks and waypoints created within its desktop version into the application. In Trackbook people are able to design tracks and waypoints.

After logging in screen with the tracks and waypoints designed in trackbook will appear. Their information can not be changed here. In case you want to synchronize the tracks from the trackbook to
